## ABSTRACT

This document lists the references for a catalogue of all known AM CVn-type binary systems. It is intended to be included alongside the catalogue itself.

**Key words:** keyword1 – keyword2 – keyword3

## 1 REFERENCES

References in the catalogue are given in the form [Author-name][Year]. If the full citation is needed, it can be found in the references section of this document. The table on the next page lists all references used in the catalogue.
